Kochi, Kerala, India

Education & Certificates

- B.Tech Computer Science, VIT Bhopal University (GPA: 8.45/10) Oct 2022 – Present
- AWS Certified Cloud Practitioner

Projects

History Snippets

2026

- Built a full-stack web platform using React.js, Python and PostgreSQL to reorganize a historical text into structured, easy-to-read snippets.
- Structured a PostgreSQL database for rating and tagging individual chapters, reducing query latency for a more responsive user interface..
- Deployed on Render and Vercel ensuring availability and scalability.

AI Movie Rating Classifier

2026

- Created a website with HTML, CSS and Typescript to generate video transcripts and assign a movie rating using sentiment analysis.
- Automated the classification pipeline using GitHub Actions and CI/CD, storing results in a SQL database on cloud .
- Integrated external APIs using REST API principles implemented in FastAPI.

Semantic Search Website

2026

- Built a full-stack web app enabling natural language search across a dataset(F1 drivers) by vibe or description using React and FastAPI.
- Implemented a hybrid ranking algorithm combining sentence-transformer and fuzzy matching in Python
- Deployed with a pre-computed embedding pipeline (model run locally, artifacts shipped to production) hosted on Render.

Technical Skills

- Languages: TypeScript, JavaScript, Python, SQL
- Frontend: React, HTML, CSS
- Backend & Frameworks: Node.js, Express, FastAPI
- Databases & Cloud: PostgreSQL, MongoDB, AWS, Docker, Render,Vercel

Extracurricular

Co-Lead, Software Development Cell – Android Club, VIT Bhopal

Oct 2023 – Jan 2025

- Led the Software Development Cell for the Android Club, overseeing web development initiatives and contributing to the club's official website.
- Organized 10+ technical workshops on web and software development, and led related coding competitions for 500+ students.
